

CESA Strategic Framework for the Provision of VET and Vocational Pathways

The Strategic Framework report is being written as part of the *CESA Strategy for Leading Catholic Education to New Levels of Excellence* and will provide a framework for VET and Vocational Learning programs in Schools, Trade Training and Skills Centres and Technical Colleges.

This workshop will provide an opportunity for all schools to discuss, provide input and give feedback on this important document before it is submitted to the Strategy Implementation Steering Committee.

Registered participants will receive an advance copy prior to the workshop.
